

RALLY FOR

RECOVERY

**IT'S TIME TO RAISE
OUR VOICES AND
DEMAND OREGON
DO MORE TO
SUPPORT RECOVERY
FROM ADDICTION!**

THE FACTS:

- Addiction costs Oregon taxpayers **\$5.9 billion** annually
- Oregon ranks 51st in the nation in providing access to addiction treatment
- **3 Oregonians die each day** due to alcohol & we lose 1 Oregonian each day to opioid abuse
- Oregon lacks a comprehensive plan for prevention, treatment and long-term recovery support.

SATURDAY SEPTEMBER 30 10AM-12PM

Shemanski Park 1010 SW Park, Portland, OR

Keynote Speaker: William C. Moyers,

Vice-President of Public Affairs, Hazelden Betty Ford Foundation

and speeches by local recovery leaders and elected officials

OUR VISION

Over the next five years Oregon Recovers will build a broad, inclusive coalition with the resources to wage an aggressive campaign to make Oregon the "Recovery State." We will do this by tackling our addiction epidemic head-on, with a comprehensive action agenda that will move Oregon from last to first for access to safe, effective and immediate addiction treatment and recovery support services.

Join people in recovery, our friends and family, allied organizations and elected officials at a rally to unveil Oregon Recovers, a new statewide campaign to take Oregon from last to first in access and availability to addiction treatment and recovery services.

BRING A FRIEND!

BRING AN OLD SHOE!

We are asking everyone who has lost someone to addiction to bring an old shoe that can be used to demonstrate to policy makers and the press the magnitude of the problem. Write their name on the shoe. We hope for a large pile of shoes in front of the speakers podium.

PARKING: *There is parking close by at the 10th and Yamhill parking garage for \$1.50 per hour. Street parking is limited so please consider organizing a carpool, taking Tri-Met or Max.*

WE CAN'T DO THIS ALONE.

JOIN US ON 9/30 AND HELP LAUNCH OREGON'S RECOVERY REVOLUTION!

10am-12pm • Shemanski Park 1010 SW Park, Portland, OR

Fighting to ensure that **ALL** Oregonians impacted by the disease of addiction have access to safe, effective and immediate treatment and recovery support.
