

Welcome to OHSU Library!

Access to Electronic Resources

OHSU-affiliated users can access all of the library's electronic resources from on campus and from off campus with their network ID and password.

Liaison Program

The Liaison Program is designed to create partnerships between the library and schools, departments and centers by pairing librarians with faculty, staff and students. Your liaison librarian can help with your information needs, whether it's navigating databases, conducting literature searches, or evaluating and managing information.

Resources from Other Libraries

Looking for a book or journal article not owned by the library? The library can help you with getting just about any book or article, whether we own it or not. You can request books from a consortium of 39 academic libraries in the Pacific Northwest and have them delivered to the library or your office at no charge. Use our Interlibrary Loan service to obtain articles that can be delivered to you electronically at no charge for the first 10 articles.

Library Workshops

The library conducts workshops throughout the year to help with everything from searching databases such as PubMed and CINAHL, using citation management software such as EndNote, and teaching skills and best practices for data management. Find out more information and register for workshops by going to the Services page on the library website.

OHSU Library Locations

OHSU Library is located on the Marquam Hill in the BICC building (main entrance 3rd floor) and the CLSB on the South Waterfront on the 4th floor Atrium.

24 Hour Study Space

Study space is available 24 hours a day to OHSU students, faculty, and staff via badge access at the entrance of the After Hours Study Space door (4th floor BICC Building) or at the CLSB Graduate Learning Resource Center (4th floor Atrium) if you have a program or office in the building.
