

2024-2025 Administrative Fellowship

The Administrative Fellowship is a year-long program in which the fellow gains valuable exposure to system and departmental operations through projects, organizational rotations, participation in meetings and other professional experiences. The projects and rotations will be customized toward the fellow's interests and the needs of the senior-level management team.

About Children's Hospital Colorado

As a private, nonprofit pediatric healthcare network, Children's Colorado is 100% dedicated to caring for kids at all ages and stages of growth. We have more than 3,000 pediatric specialists and more than 5,000 full-time employees helping to carry out our mission.

We see more, treat more and heal more kids than any hospital in our seven-state region. We're experienced and forward-thinking when it comes to the latest methods for diagnosis and treatment. This translates into less invasive treatment, less time, and less stress on you and your children.

Our specially trained pediatric experts recognize that families are our partners, which is why we deliver family-centered care. By making the hospital very family-friendly, we make it easier for parents and siblings to be involved in the day-to-day medical, emotional and social needs of their child.
