

### Fellowship Overview

The Community Health System Administrative Fellowship is a 12-month rotation- and project-based program. Fellows will have the opportunity to meet with executives from across the system during dedicated one-on-one meetings, shadow leaders in their respective departments, attend executive leadership meetings, and take on system-wide projects. Fellows will be assigned an executive leader as their preceptor who is excited to provide support and leadership training.

Fellows will be exposed to all three Community Health System entities – Community Health Partners, Community Care Health, and Community Medical Centers – to develop skills and relationships which are valued across the organization. These entities represent Community Health System's medical staff foundation, insurance plan, and facilities respectively.

### 12-Month Rotation- and Project-Based Fellowship

### Application

All materials must be emailed as a combined PDF by 11:59 PM PT on September 29, 2023.

- Cover Letter (addressed to Alan Christianson)
- Resume
- Three Recommendation Letters (1 Professional, 1 Academic, and 1 Other)
- Unofficial or Official Graduate School Transcript
- Essay (500 words or less) addressing **one** of the following:
  - What are two major threats facing California hospital systems and what potential solutions exist?
  - Given California's restrictions on hiring physicians (Corporate Practice of Medicine), explain two strategies that could strengthen physician relations within a large integrated health system.
